4. Prof. Krishnapada Dash. Associate Professor, Maharaja Sris Chandra College.
5. Dr. Surajit Sengupta. Assistant Professor, Bhairab Ganguly College

This academic audit was conducted on (17.05.2022) of all the departments based on questions related to criterion wise status of each individual department.

The report is prepared according to seven broad categories:

1. Academic planning
2. Teaching methods & student enrolment
3. Infrastructure & learning resources
4. Student progression -
5. Governance & Leadership
6. Best Practices.

1. Academic planning

Almost all the departments have followed the academic calendar of university.

Almost all the departments have recorded teachers' activity regularly;

Students satisfaction survey was conducted online, all the departments were advised to work on it, wherever required, for better result.

2. Teaching Learning

As regular classes begun most of the classes were held in offline mode. Both theory and practical classes were held as per routine set by the college.

Some of the departments have adopted one or two unique methods of teaching, such as using smart classroom, remedial teaching, and guidance for job opportunities. Almost all the departments, except a very few, have mentoring group of students under the mentorship of teachers.

3. Infrastructure & Learning Resources

We have stand-alone laboratories for both honours and general students, in Physics, Chemistry, Botany, Zoology, Mathematics, Computer Science and Journalism departments.

ICT enabled class rooms are used by Computer Science, Mathematics, Commerce, Chemistry and Economics.

Many webinars on interdisciplinary was held during the year in online mode. Courses on DSE for several subjects was held in both online and offline mode.

4. Student support and progression

Student placement records are best maintained by Placement Cell.

5. Governance & Leadership

Records of Refresher Courses, Orientation Courses as well as different short term courses are all maintained by the respective department. ,

7. Best Practices:

We have advised all the departments to prepare their respective SWOT analysis and initiate any waste management as well as green initiative taken up by them. \

Recommendations:

It is again recommended that lesson plans should be arranged and shared with the students prior to the beginning of each course by the respective teacher.

All the departments are further advised to keep records of internal/ tutorial assessment as well as course program outcomes.

All the departments are advised to keep the student progression data as far as possible.

The college can produce the documents, if required.

An energy audit is an inspection survey and an analysis of energy flows for energy conservation in a building. It may include a process or system to reduce the amount of energy input into the system without negatively affecting the output. The primary concern of the energy audit is to provide the best ways to reduce energy consumptions in any building while simultaneously maintaining or improving human comfort, health and safety. The energy use of a building can be expressed through the analysis of the electricity consumption (in units) of that building.

In case of the three buildings of Maharaja Manindra Chandra College, the following trend of consumptions has been observed:

Electricity Consumptions (in unit) from June 2021 to May 2022:

	68, Bhupen Bose Avenue, 700004	20, Ramanto Bose Street, 700003	23, Ramanto Bose Street, 700003
Month	Energy Consumption	Energy Consumption	Energy Consumption
June, 21	343	1217	363
July, 21	403	2064	302
August, 21	418	4379	306
September, 21	388	3318	609
October, 21	484	2772	537
November, 21	275	4089	561
December, 21	246	4794	446
January, 22	207	1379	367
February, 22	323	3617	430
March, 22	307	8476	733
April, 22	393	13721	1026
May, 22	378	10481	900
Total	4165	60307	6580

Total Electricity Consumptions (in unit) in 2020-2021:

	In Unit
68, Bhupen Bose Avenue, 700004	4165
20, Ramanto Bose Street, 700003	60307
23, Ramanto Bose Street, 700003	6580
Grand Total	71052

Comments:

The total electricity consumption in the session June 2021 to May 2022 has been raised a little as in this period the regular activities of the college are restarted after COVID pandemic. In order to reduce electricity consumption, while renovating Seminar Hall (Room No.8) and main office room, energy saving LED lights have been installed which also makes both the places well illuminated. The LED lights are also being installed replacing the old non-functional tube lights wherever required. Such measures must have been reflected in the energy consumptions and it is decided that in future replacement energy saving bulbs and tube lights will be installed as far as practicable.

Suggestions and Recommendations:

It may be noted here that in pre-pandemic time, the electricity consumption of college buildings were quite high. In this context, it can be recommended to use renewable energy as alternative source of energy in the college. Incorporation of sensor based energy saving devices can also be adopted to reduce energy consumption while maintaining the usual activities of the college.
