

**Resolution of the Syndicate dt. 16.09.2021**

**Item:**

To consider the zero and absent cases awarded by different colleges for BA/BSc./B.Com Part I/II/III Examinations and BA/BSc/B.Com Semester 1/2/3/4/5/6 Examinations of the years 2019, 2020 and 2021

Syndicate unanimously resolved that, considering the difficulties faced by the students under the current unprecedented pandemic situation, all the disputes/ issues/ questions related to publication of results at the Under Graduate level for different Parts and Semester examinations will be resolved by the University in consultation with the corresponding College Principals/ TICs/ OICs. It is to be noted that, for each individual case, the respective College Principal/ TIC/ OIC should take the total responsibility and should write to the University authority about the fault/ mistake / omission committed in their part. No communication directly from a candidate will be entertained by the University.

After receiving the statement from the College authority in writing , corrected/ revised results will be published by the University as early as possible.

For this, the University may have to deviate from the current CSR for this time, but these deviations will not be treated as constituting precedence in future.

The principals- representatives of the colleges , as present in the meeting of the Syndicate, admitted that the colleges should take the entire responsibility related to the faults/ mistakes / omissions committed at their end as mentioned above, and should refrain from sending the students personally to visit the University for solutions.
