2.7 Student Satisfaction Survey: Academic year 2023-24

- The student satisfaction survey was done department-wise and the data was analysed on both department level and institute-level.
- We have received responses from **2773 students**.
- On analysis, we have found that, both on institute-level and on individual department-levels, students have shared a positive feedback on several issues. These key points are appended below:
 - (a) Completion of syllabus
 - (b) Teaching quality
 - (c) Fairness in evaluation
 - (d) Student mentoring by the teachers
 - (e) Activity of the institute for promoting extracurricular activities
 - (f) Use of online tools for teaching
- We have also identified our corners for further improvement, as suggested by the students, which are also appended below:
 - (a) Requirement of Hostel for outstation students
 - (b) Availability for more job-related courses
 - (c) More opportunities for internships
 - (d) More opportunities for placement

The detailed institute-level compiled results of Survey are appended below:

How much of the syllabus is generally covered in the classes in each semester?

How well do the teachers prepare for the classes?

How good are the teachers to communicate things in classes?

The teacher's average approach to teaching can best be described as

Fairness of the internal evaluation processes done by the teachers

Are your performance in assignments discussed with you later?

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

The teaching and mentoring process in your institution is effective for you in cognitive, social and emotional growth.

The institution provides multiple opportunities to learn and grow.

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

Your mentor does a necessary follow-up with an assigned task to you

The teachers illustrate the concepts through examples and applications.

The teachers can identify your strengths and encourage you with providing right level of challenges

Teachers are able to identify your weaknesses and help you to overcome them.

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning

Teachers encourage you to participate in extracurricular activities

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

Percentage of teachers who take effective online classes.

The overall quality of teaching-learning process in your institute is quite satisfactory

The detailed department-wise results of Survey are appended below:

Department of Chemistry:

How much of the syllabus is generally covered in the classes in each semester?

How well do the teachers prepare for the classes?

How good are the teachers to communicate things in classes?

The teacher's average approach to teaching can best be described as

Fairness of the internal evaluation processes done by the teachers

Are your performance in assignments discussed with you later?

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

The teaching and mentoring process in your institution is effective for you in cognitive, social and emotional growth.

The institution provides multiple opportunities to learn and grow.

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

Your mentor does a necessary follow-up with an assigned task to you

The teachers illustrate the concepts through examples and applications.

The teachers can identify your strengths and encourage you with providing right level of challenges

Teachers are able to identify your weaknesses and help you to overcome them.

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning

Teachers encourage you to participate in extracurricular activities

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

Percentage of teachers who take effective online classes.

The overall quality of teaching-learning process in your institute is quite satisfactory

How satisfied are you regarding the condition of common rooms for students

Department of Physics:

How much of the syllabus is generally covered in the classes in each semester?

How well do the teachers prepare for the classes?

How good are the teachers to communicate things in classes?

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

The teaching and mentoring process in your institution is effective for you in cognitive, social and emotional growth.

The institution provides multiple opportunities to learn and grow.

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

Your mentor does a necessary follow-up with an assigned task to you

The teachers illustrate the concepts through examples and applications.

The teachers can identify your strengths and encourage you with providing right level of challenges

Teachers are able to identify your weaknesses and help you to overcome them.

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning

Teachers encourage you to participate in extracurricular activities

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

Percentage of teachers who take effective online classes.

The overall quality of teaching-learning process in your institute is quite satisfactory

How satisfied are you regarding the condition of common rooms for students

Department of Mathematics:

How much of the syllabus is generally covered in the classes in each semester?

How well do the teachers prepare for the classes?

How good are the teachers to communicate things in classes?

The teacher's average approach to teaching can best be described as

Fairness of the internal evaluation processes done by the teachers

Are your performance in assignments discussed with you later?

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

The teaching and mentoring process in your institution is effective for you in cognitive, social and emotional growth.

The institution provides multiple opportunities to learn and grow.

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

Your mentor does a necessary follow-up with an assigned task to you

The teachers illustrate the concepts through examples and applications.

The teachers can identify your strengths and encourage you with providing right level of challenges

Teachers are able to identify your weaknesses and help you to overcome them.

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning

Teachers encourage you to participate in extracurricular activities

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work

Percentage of teachers who take effective online classes.

The overall quality of teaching-learning process in your institute is quite satisfactory

How satisfied are you regarding the condition of common rooms for students

Department of Computer Science:

How much of the syllabus is generally covered in the classes in each semester?

How well do the teachers prepare for the classes?

How good are the teachers to communicate things in classes?

The teacher's average approach to teaching can best be described as

Fairness of the internal evaluation processes done by the teachers

Are your performance in assignments discussed with you later?

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

The teaching and mentoring process in your institution is effective for you in cognitive, social and emotional growth.

The institution provides multiple opportunities to learn and grow.

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

Your mentor does a necessary follow-up with an assigned task to you

The teachers illustrate the concepts through examples and applications.

The teachers can identify your strengths and encourage you with providing right level of challenges

Teachers are able to identify your weaknesses and help you to overcome them.

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.
