Instructions:

1. The students must follow the guidelines already provided by the college dated 27th October, 2020 regarding the procedure and timing of downloading of question papers, preparation and uploading of answer scripts.
2. The students need to arrange for their own graph papers.
3. Students appearing for physics general practical exam should e-mail two separate answer scripts, one for each module (computer programming and physics), to the email address provided in the college website.
4. For physics general students, the scanned answer script pdf files should be named as follows:

For answer scripts of the physics part: phy_roll no.pdf

For answer scripts of the computer programming part: comp_roll no.pdf

For example, If your roll no is 3211-55-0001, your scanned answer scripts should be saved by the names phy_3211_55_0001.pdf and comp_3211_55_0001.pdf.

5. Answer scripts for both the modules of physics general exam must be attached to the same e-mail and no separate e-mails should be sent for separate modules.

The student must write the subject of the email as: phsg_rollno. For example, If roll no is 2211-55-0001, the subject of e-mail should be phsg_3211_55_0001.
